Subj: Fwd: FOR CLIFF NEWMAN

Note the message and attachment from Mike Mika and Chapter 34. Patriots Point in Charleston, SC is where the USS Yorktown is docked and restored along with the new Medal of Honor Society Museum. They are big supporters of SF and want to build a tribute to SF and SOG with a Montagnard village among other things. If anyone can assist please contact Mike direct.

Subject: FOR CLIFF NEWMAN

Cliff: Here is a list of the items we are looking for to place in the Patriots Point Special Forces Display. Can you please send this to all the Chapter Presidents requesting their support to help us with the display?

Anything we receive will be hand-receipted to the Patriots Point Museum so the original owner's property will remain his/hers. Patriots Point is a 501(c)3 non-profit corporation and registered museum.

There is a lot of commo gear listed and I'm sure we will not be able to get it all for the commo display but if we could get some digital photos of the front displays of the equipment we could fabricate boxes the size of the equipment and affix the photos to the front side to show what they looked like.

Our display will have 3 large sections to depict the following: 1. A Dispensary with various displays and manikins depicting a surgery taking place. 2. A commo section showing the equipment and a manikins depicting a radio operator busy sending and receiving communications and 3. A mockup of a TOC field tables, maps, photos and 2 manikins, one on a field phone and 1 plotting ambush positions on an overlay map.

There are 2 points of contact here at Chapter 34 for anyone that needs more info or has some items they wish to donate. I am the first and can be contacted at this e-mail address. The second is Tom McLemore, his e-mail address is courtesy copied above.

I know we have listed a lot of commo gear and really don't expect to get it all but if we can get some digital photos of the front of some of this equipment we can fabricate boxes to the exact size and paste the photos to the front. They will be far enough in the back of the display to (hopefully) look real.

Mike Mika
President, Chapter 34

ITEMS NEEDED FOR SPECIAL FORCES DISPLAY
AT PATRIOTS POINT MUSEUM
MILITARY ITEMS
